## IT COULD HAPPEN TO YOU

### Will you help fight injustice?

We grew up with Superman, Batman, and Robin Hood. A lot of us fought bad guys with Roy Rogers, the Lone Ranger, Jim West, Matt Dillon, John Wayne, Luke Skywalker and even four green turtles and a rat. We learned to love, give, get along and help others with the Ingalls family, the Waltons, and the Brady Bunch. We learned to fight with Rambo, Rocky Balboa, the Karate Kid, John McClane, and Chuck Norris. We dreamed big on yellow brick roads, in fields of dreams and on the Ponderosa. Most of us at some point in our childhood put on the capes, dreamed of fighting bad guys, and devised plans to fix the wrongs of the world. It is time for us to grow up and be the real superheroes of today for our children, grandchildren and fellow citizens. America, this is not Walnut Grove anymore. We are at a place in history where if we do not act quickly democracy could end with a round of thunderous applause. The right to own and secure property is one of the most basic fundamental rights of democracy. We bought a property through Coldwell Banker to share with pastors, missionaries and ministry leaders. We developed the property, increased our equity and built a ranch we could be proud of. Chase and PHH took over the note, messed up our records, refused our payments and started foreclosure proceedings. A lifetime of hard earned equity, perfect credit, financial security and peace of mind was stolen from us overnight. We cried out for help but no superheroes came. We made a music video [www.youtube.com/ithappenedtous](http://www.youtube.com/ithappenedtous) that tells our story. Will you watch it? Will you quit looking away from the crimes in Metropolis, put on your cape once more, and get involved? Help the victims of the Great Mortgage Holocaust of the 21st Century fight for our homes. We did no wrong. We were just living the dream. This is a land where dreams come true. Remember? Because it could happen to you...
